Classroom Tips

Attend all classes:

- Arrive on time.
- Do not leave early.

Be prepared:

- Read and process text before class formulate questions to have clarified.
- Review previous notes.
- Do problems, brainstorming, outlining.

Sit close to the front:

- Listen actively.
- · Take notes.
- Ask questions.

Seek assistance:

- · Visit instructor during office hours with questions/concerns.
- Get peer tutoring assistance.
- Get a study buddy.
- Go to Learning centers—reading, writing, or

Hand in work on time and do not miss exams:

- Have work college-level ready to hand in on
- Do not use excuses to rationalize lack of preparation.

Be realistic, use a calendar, and follow course svllabi:

- Schedule assignments, tests, projects.
- Schedule study time—2 hours of study for each hour in class.
- Honestly account for family, social life, work, class, study, and transportation.
- A 15-credit semester load = a full-time job.

Preparation Tips

Take 4 years of high school math.

Take college preparatory, enriched, and honors

Take elective courses that develop background knowledge such as sociology, psychology, geography, anthropology, philosophy, biology, chemistry, and physics.

Develop strong communication skills: reading, writing, speaking, and listening.

Take college preparatory courses in critical reading and study skills.

College Readiness:

Understanding the Difference Between High School and College

Successful college students seriously pursue the understanding of ideas, cultivate a spirit of curiosity, ask questions, and maintain a positive attitude towards learning.

This brochure is a guide for students, parents, and teachers to explore potential differences between high school and college.
