

Radiography Program Admission Process and Checklist

Welcome to Minnesota State College Southeast. We are pleased that you have indicated an interest in the Radiography (AAS) program. The deadline to be considered for admission is **June 10th**. All items must be completed in order to be considered an applicant for admission to the Radiography program.

Admission to Minnesota State College Southeast

- In order to be considered for the Radiography Program, you must be accepted to Southeast.
- Request college transcripts from all institutions the applicant has attended (except any Minnesota State colleges and universities institutions attended after 1990). Official transcript(s) from any other colleges must be sent directly from the previous institution(s) to the Registrar's Office.
- ACT scores are accepted; otherwise students will be required to take the Accuplacer placement exam to determine course placement.

Apply to the Radiography Program by completing the forms below

- Once students have been accepted, they will be required to submit to at least one random urine drug testing prior to attending any clinical practicum. This is at the student's expense.
- Approximately 24 students are accepted each fall. Admission is based on GPA and other admission requirements.

Please note: The Radiography program is available on the Winona Campus only.

CHECKLIST

Student Name: _____

_____ Application form for Minnesota State College Southeast if you are not currently attending the college: [Online application](#)

_____ Completed Program Prerequisite Checklist: **PAGES 2-3**

_____ Health Record Form: **PAGES 4-6**

_____ Radiography Essential Abilities Form: **PAGES 7-8**

_____ Criminal Background Check Form: **PAGE 9**. The study will be run prior to your first fall radiography courses and annually thereafter.

_____ Copy of current CPR card (Basic Life Support for adult/child/infant)

_____ Copy of current TB (Mantoux) test (within the last year)

_____ Copy of immunization records.

_____ Copy of unofficial transcripts.

_____ Anatomy and Physiology I prerequisite (Completion of BIOL2515 or equivalent course with a grade of C or higher) (Completion of required course BIOL2516 Anatomy and Physiology II or equivalent with a grade of C or higher is also strongly advised before starting the program)

_____ College Algebra prerequisite (Completion of MATH1220 or equivalent course with a grade of C or higher)

_____ College English prerequisite (Completion of ENGL1215 or equivalent course with a grade of C or higher)

_____ Official college transcript(s) to be sent directly from previous institutions (If you are a former student of Minnesota State College Southeast, you do not need to request a transcript)

_____ Documentation of Patient Care Experience

Once the application is complete and all documents are gathered, place everything in one large envelop. Drop it off at the Winona campus front desk or mail to:

Minnesota State College Southeast

Radiography

1250 Homer Road

Winona, MN 55987

Applications received after June 10th will not be considered.

Radiography Program Prerequisite Checklist (Pages 2-3)

Student _____ Date/Time Completed _____

Date Received in Admissions _____

Application Deadlines: **June 1st** to be considered for **fall** semester. The checklist must be complete and all documentation received to be considered for admission. This checklist will be retained for one year.

Initials	Date mm/dd/yy	Required Item
	Passing grade: Transfer _____	Math Prerequisite (a Math course is required for the program) Completion of MATH1220 College Algebra or equivalent course with a grade of C or higher
	Passing grade: Transfer _____	Communication/English Prerequisite (an English course is required for the program) Completion of ENGL1215 College Writing 1 or equivalent course with a grade of C or higher
	Passing grade: Transfer _____ Passing grade: Transfer _____	Anatomy and Physiology (4 credits) Prerequisite Completion of BIOL2515 or equivalent course with a grade of C or higher (Completion of BIOL2516—Anatomy and Physiology II is not a prerequisite, but as a program requirement, completion is strongly advised before starting the program due to rigorous 1 st semester)
	Date Submitted:	Criminal Background Study Form Minnesota law requires that any person who provides services that involve direct contact with patients at a health care facility licensed by the Minnesota Department of Health have a background study. An individual who is disqualified from having direct patient contact as a result of the background study and whose disqualification is not set aside by the Commissioner of Health, will not be permitted to participate in clinical placement and therefore will not be able to successfully complete the radiography program. As radiography uses facilities in Minnesota, Wisconsin and Iowa, the same background criterion is used. 1. The study will be run at the time prior to fall start of classes
	Physical Date: Mantoux Date:	Health Record Form (The form is specific to Radiography) This self-disclosure form MUST include a mantoux test or chest x-ray information. Mantoux tests must be renewed annually. Chest x-ray is a one-time documentation with annual completion of a questionnaire. An annual flu vaccination is required and should be obtained during the fall semester
	CPR Date: Exp. Date:	CPR - Proof of one: Basic Life Support for Adult/Child?Infant <i>(Checklist continued next page)</i>

	Date Submitted:	Radiography Essential Abilities Form Review the program essential abilities list. Sign, date and submit the statement of understanding
	Date Received:	Patient Care Experience This requirement is met by exhibiting DOCUMENTED experience in the following areas: Certified Nursing Assistant (CNA certification or completion of the course) Patient Care Technician/Medical Assistant Dental Hygienist/Assistant Emergency Medical Technician/First Responder Athletic Trainer Phlebotomist Volunteer Ambulance or Fire Fighter Minimum of 40 hours of documented volunteer work with direct patient contact Minimum of 40 hours of documented care giving for a disabled family member Hospice experience

Radiography Grade Requirements

- Courses taken at Minnesota State College Southeast must be a grade of C or higher
- Transfer grades in Liberal Arts must be a grade of “C” or higher
- Transfer grades in Technical Courses must be a grade of “B” or higher

Radiography Program Health Record Form (Pages 4-6)

Minnesota State College Southeast is asking you to provide private information in order to process your Radiography Health Record Form. This information will be used to update your health records. You are not legally required to provide this information; however, the college may not be able to effectively process your request if you do not provide sufficient information. Access to this information will be limited to school officials, including faculty who have legitimate educational interests in the information. Under certain circumstances, federal and state laws authorize release of private information without your consent: to other schools in which you seek or intend to enroll, or are enrolled; to federal, state or local officials for purposes of program compliance, audit or evaluation; as appropriate in connection with your application for, or receipt of, financial aid; if the information is sought with a court order or subpoena; or as otherwise permitted by other state or federal law. If you have any concerns or questions about this form, please contact the Radiography Program Director at 507-453-2799. Please return completed form to the Allied Health Office.

Part A: Student completes

Health Insurance is strongly recommended. Any hospital or medical costs incurred while a student are the responsibility of the student.

Please read carefully and sign:

I understand that there are conditions for which accommodations may be appropriate under the Americans with Disabilities Act and that the Radiography Program will make all reasonable accommodations required by law for otherwise qualified individuals. To receive accommodations, I must contact the counselor's office.

I understand that any health care costs incurred during the period of time I am a student in the Radiography Program will be my responsibility.

I hereby grant Minnesota State College Southeast permission to share information contained in the HEALTH RECORD FORM with those clinical institutions with whom I affiliate in my student role, should the clinical institution request or require it.

I understand that failure to sign this form or to provide the information requested could mean that a clinical site may refuse me placement at their facility. The Radiography Program does not guarantee an alternative facility placement. I also understand that if no alternative facility placement is available, I may be unable to progress in the Radiography Program.

I certify that the information I have provided on this form is complete, accurate, and true to the best of my knowledge.

(Date)

Radiography Program Health Record Form Immunity Requirements

Tuberculosis Immunity

Mantoux test: A licensed person must read the Mantoux.

Date given: _____ Date read: _____ Result: _____

Name of person reading Mantoux _____ Credential _____

Signature of person reading Mantoux _____

Administrating Agency _____

Chest X-ray: required only if your Mantoux result is positive. The Radiography program requires a yearly chest x-ray for individuals with a positive Mantoux.

Date of X-ray: _____ Results: _____

MMR Immunity All students must have ONE of the following:

Documentation of two MMR's Dates of Vaccination: _____

OR

Rubella titer indicating immunity Date Titer Read: _____ Result _____

Hepatitis All students must be vaccinated against hepatitis B. ***Exception–Hepatitis B has been initiated.**

Date of 1st dose of vaccination
Date of 2nd dose of vaccination
Date of 3rd dose of vaccination

Diphtheria – Tetanus (Adult Type) All students must know their diphtheria-tetanus status

_____ Date of last vaccination
Inoculation for tetanus within the last 10 years is required.

(Continued next page)

Chicken Pox All students must know their chicken pox status either by:

- having had chicken pox
- have not had chicken pox

OR, if you do not know your chicken pox status you must have a titer.

Chicken pox titer _____ Date Titer Read: _____

- Chicken pox titer indicates immunity.
- Chicken pox titer does not indicate immunity.

COVID Vaccination All students are required to be COVID vaccinated prior to attending clinical in January.

- I have been vaccinated for COVID. (Provide copy of record)
- I understand I need to be vaccinated for COVID prior to starting the clinical rotation.

Annual flu shot All students must have an annual flu shot to attend clinical practicum and we recommend you wait to get one during the fall semester when new flu vaccinations are made available.

Immunity Requirements: please do not submit this form until all requirements are met* and data are provided.

Radiography Program Essential Abilities Form (pages 7-8)

The Radiography program essential abilities listing is to make you aware of the physical, cognitive, and mental capabilities you may encounter once employed in a radiography position. These abilities are typical of the demands of a radiographer in the work setting. The curriculum requires demonstrated proficiency in a variety of cognitive, problem-solving, manipulative, communicative and interpersonal skills. If you have any questions regarding these, you should contact the Program Director or the Admissions advisors. Please sign and turn in this completed form with your checklist.

Physical Activity Requirements

Occasional

- Crouching - positioning patients for exams and stocking supplies
- Repetitive motions - entering computer data
- Grasping - positioning patients for exams and procedures
- Pulling - moving items that can weigh as much as 100 pounds

Frequent

- Pushing - transporting patients in wheelchairs or on carts using up to 50 pounds of force. Moving portable and C-arm equipment with up to 50 pounds of force to areas of the hospital.
- Pulling - assisting and moving patients off and onto carts using 8 to 40 pounds of force.
- Lifting - moving patients (who can weigh more than 50 pounds) from wheelchair/cart or stretcher off and onto exam tables.
- Fingering - entering computer data and setting radiographic exposure techniques for exams.
- Carrying - carrying imaging cassettes that can weigh as much as 25 pounds.

Routine

- Stooping - positioning of exams and assisting patients in and out of wheelchairs.
- Reaching - positioning patients and manipulating portable equipment.
- Standing - all clinical assignments require standing.
- Walking- transporting and assisting patients into dressing/exam rooms. Walking to other areas of the department and hospital to do exams or have images interpreted.
- Talking - must be able to communicate verbally in an effective manner with patients, co-workers, and physicians.
- Hearing - perceiving the nature of sounds during auscultation (listening) and percussion (tapping on a surface to determine the underlying structure).
- Feeling - perceiving attributes of patients and objects such as when positioning patients for procedures or palpating veins for IV insertion.

Visual & Hearing Acuity Requirements

- During clinical assignments, students are required to use a computer console and select the proper exposure techniques on the x-ray equipment.
- Clinical assignments require critiquing (evaluation) of radiographs.
- Clinical assignments require working with printed and/or written documentation.
- Students must be able to assess patient's condition, i.e., color, respiration, motion, etc.
- Students must be able to hear in order to communicate with patients while taking a history, giving positioning instructions, or interacting with other team members.
- Students must be able to hear instructions from doctors under conditions such as: in a darkened fluoroscopy room & in surgical attire.

(Form continued next page)

Intellectual and Emotional Requirements

- Students must be able to critique (evaluate) radiographs and determine diagnostic quality.
- Students must be able to make adaptations and respond with precise, quick and appropriate action during emergency situations.
- Students must maintain patient confidentiality.
- Students must be able to maintain a high standard of courtesy and cooperation in dealing with co-workers, patients, and visitors with satisfactory performances despite the stress of a hospital/clinic work environment.
- Students must be able to learn to analyze, synthesize, solve problems and reach evaluative judgment.
- Students are expected to be able to learn and perform routine radiographic procedures. In addition, students must have the mental and intellectual capacity to calculate and select proper technical exposure factors according to the individual needs of the patient and the requirements of the procedure with speed and accuracy.
- Students must be able to accept criticism and adopt appropriate modifications in their behavior.
- Students must demonstrate appropriate emotional health required for utilization of intellectual abilities and exercise good judgment.

Clinical Situations

- Students may be subjected to electrical, radiant energy, and chemical hazards.
- Students may be subjected to trauma situations or surgical experiences.
- Persons in the radiologic sciences have been identified as having the likelihood of occupational exposure to blood or other potentially infectious materials and, therefore, are included in the OSHA Exposure Control Plan with its specifications to prevent contact with the above materials.

If you have a documented disability, there may be accommodations that can be made to assist in your successful completion of the program, please see a college counselor.

Yes **No** *I have read and understand the Program Essential Abilities relative to the Radiography Program.*

The inability to meet all of the Program Essential Abilities will in no way prohibit your acceptance to the Radiography Program.

The Americans with Disabilities Act bans discrimination of persons with disabilities, and in keeping with this law, Minnesota State College Southeast makes every effort to ensure quality education for all students. It is our obligation to inform students of the essential abilities demanded by the program and of the occupation. Students with documented disabilities which require accommodations or special services to meet the Essential Abilities of the program should contact the Office of Accessibility (accessibility@southeastmn.edu) for assistance, advising and arrangement of appropriate accommodations.

Sign and turn in this completed form with your checklist.
